45 products

Sliding Hook Locks

3 products

How to Order

Six values decide whether a part can be installed. Written in this order they form one reference that needs no follow-up email.

9001	Model	As printed in the family overview and the index.
SSS	Finish code	From the finish table on the following page.
60	Backset	Millimetres, face of door to centre of spindle.
72	Centre distance	Millimetres, spindle centre to cylinder centre.
L	Handing	L left, R right, U universal.
45	Door thickness	Millimetres.

Where a dimension is not printed in this edition, it has not yet been confirmed by the factory. Ask for it rather than assuming a standard: the wrong backset is a container that cannot be installed.

Materials & Finishes

Twenty finishes in three series. The US column is filled only where the equivalent is confirmed; an em dash is a question for the factory.

STEEL SERIES

	SS	Stainless Steel
	SSS	Satin Stainless Steel
	PSS	Polished Stainless Steel
	SP	Bright Polished

PLATED SERIES

	PB	Polished Brass
	SB	Satin Brass
	AB	Antique Brass
	AC	Antique Copper
	CP	Chrome Plated
	SC	Satin Chrome
	SN	Satin Nickel
	NP	Nickel Plated
	BN	Black Nickel
	GP	Gold Plated
	ORB	Oil Rubbed Bronze

COATED SERIES

	MB	Matt Black
	PC	Powder Coated
	ZP	Zinc Plated
	PVD	PVD

ORI

A modern glass door with a sleek, metallic handle and a decorative vertical element. The door is set within a frame, and the handle is a long, horizontal bar with a central circular detail. The vertical element is a long, narrow, metallic strip with a textured, possibly perforated, surface. The overall design is minimalist and contemporary.
